

# Parent Voices

*Parents love to see their child becoming a reader and writer during their Reading Recovery lessons.*

*Here are just a few of the comments we have collected from parents who know the power of highly qualified teachers and Reading Recovery.*

I have absolutely loved the change in Lulu's work & confidence levels. It has been wonderful 10 weeks seeing and hearing her improvement in reading. One memory I will cherish is seeing her reading *Green Eggs and Ham* to her younger brother.

This is a wonderful program! I saw such a huge improvement in Ben's reading. Thank you for taking the time to work with him.

David's become much more confident reading & writing and trying to read more. We've been very pleased with the program and how much it has boosted his willingness & interest in reading, and writing books. We're very happy with the progress he's made and are grateful for the opportunity to be part of this exceptional program.

This was the best experience for Nancy. She thrived and blossomed during her time in Reading Recovery.

Our Liam is very smart but has a vision impairment that makes reading & writing a challenge. We tried helping him at home but he was quickly discouraged. His work with Reading Recovery gave him the courage to overcome the struggles and literally changed his life in a short amount of time. I can't describe how deeply we appreciate the extra help at the perfect time in our son's life.

This one-on-one time with Arlene, based on her strengths and weaknesses, I think, was key in helping her success. Using what she already knew and putting it all together (reading & writing) giving her the confidence she needed.

Your teaching methods have been very successful. I am very thankful for the Reading Recovery program.

I just want to thank you so much for taking the time to teach my daughter to read. I'm so proud of her accomplishments in reading. Thank you very much.

I hope the Reading Recovery program continues to be offered for other children in the future. They will really benefit from the teaching!

Reading Recovery is a fantastic program. Lisa has gained so much confidence and pride from this program.
